

CHEMISTRY SUBMISSION FORM

Instructions & Information:

1. Form Submission: Email chemistry@cfsre.org - attention to Alex Krotulski and Joshua DeBord.
Correspondence is required for approval of specimen submission(s).
2. Sample Types: Solids (powders/crystals/pills/tablets/capsules), Plant material, Liquids, Used equipment (paraphernalia/empty bags/syringes), and other sample types are accepted with prior approval.
3. Amount: Quantitative Testing: ~10mg, more if possible. No more than 100mg is necessary. Qualitative will be attempted regardless of amount.
4. Retention: All specimens will be discarded 6-weeks after results are provided.
5. Turnaround Time: Approximately 1 month; however, timing will vary dependent on case complexity
6. Packaging and Shipping: Ship specimens to the below address in secure, sturdy packaging
 - a. Specimens must be stored individually in leak-proof containers or plastic bags.
 - b. Sharp or hazardous materials (i.e. syringes, razor blades) must be **CLEARLY LABELED** and packaged in hard outer shell containers.
 - c. Overnight shipping is preferred (*Monday through Wednesday is recommended; no weekend deliveries*)
7. Samples may be couriered, with prior communication with CFSRE
